

Product Name	: Uty HY Peptide 246-254
Synonyms	:
Cat No.	: M30198
CAS Number	: 261172-28-5
Molecular Formula	: C53H77N15O13S2
Formula Weight	: 1196.4
Chemical Name	:
Description	: Uty HY Peptide (246-254) is a male-specific graft antigen H-Y derived from the H-Y epitopes of the widely transcribed tetrapeptide duplication gene H-YDB on the Y chromosome (Uty) protein.
Pathway	: Others
Target	: Other Targets
Receptor	: —
Solubility	: —
SMILES	: —
Storage	: (-20°C)
Stability	: ≥ 2 years
