
Product Name	: Przewalskinic acid A
Synonyms	:
Cat No.	: M31445
CAS Number	: 136112-75-9
Molecular Formula	: C ₁₈ H ₁₄ O ₈
Formula Weight	: 358.3
Chemical Name	:
Description	: Przewalskinic acid A is a rare, water-soluble, and highly biologically active ingredient found, thus far, only in the Salvia przewalskii Maxim herb.
Pathway	: Others
Target	: Other Targets
Receptor	: —
Solubility	: —
SMILES	: —
Storage	: (-20°C)
Stability	: ≥ 2 years
Reference	:
